

GENERAL CONVENTION INFORMATION

REGISTRATION ARRANGEMENTS: All persons who attend the convention must register in the mail foyer (entrance) of the Bethel Seminary Administration Bldg. Someone will be there to handle registrations as delegates arrive. Registration fees will be collected, badges will be issued, collections made for rooms and meals and receipts issued.

ROOM ASSIGNMENTS: After registration delegates will be assigned their rooms and escorted or directed to the dormitory. Someone will be there to help with baggage.

PARK FACILITIES: There are adequate parking facilities for all delegates both in the Administration Building area and by the Dormitory.

COFFEE BREAKS: This service will be provided by the Seminary for a nominal fee.

LITERATURE DISPLAY: Books and ASA literature will be displayed in a room in the Administration Building just off the Foyer.

FIELD TRIPS: Wednesday afternoon, August 19, 1 P.M. to 5 P.M., has been set aside for delegates to use as they wish. Several golf courses are handy for those who desire exercise. Also, those with cars may wish to tour the Twin Cities on their own.

Guthrie Theater: A cultural opportunity to see "The Tempest" in a national famous theater. A matinee performance 1:30 - 4:00 will permit delegates to attend this performance. Prices: \$4.50—for good seats.
\$6.35—for best seats.

In the event that 25 persons or more make this selection a 20% discount will be given. **NOTE:** It will be necessary for this electing to take this option that their check, made out to ASA, be mailed to Mrs. Kirsten Meacham by July 24 specifying the number of tickets and the price. We will arrange to pick up the tickets for them and hold them until they register. If the 20% discount is obtainable, this will be refunded at the time of registration.

3 M: There will be a tour of 3M facilities including a 1 1/2 hr. tour of the Corporation headquarters and a 1 1/2 tour of the Central Research Laboratories. This will be a highly informative tour.

GM I: There will be a one hour tour of General Mills Betty Crocker Kitchens (8 test kitchens) located at GM I Corporate headquarters in Golden Valley. This will be followed by a one hour tour of General Mills James Ford Bell Research Center.

The basic difference between the two tours is the nature of the business of 3M and GM I. 3M is industrial (non-food) and GM I is basically food oriented.

Another tour will involve a visit to the Environmental Center in Golden Valley followed by a trip to the Elvise Butler Wild Flower Garden. This is recommended for those interested in Ecology and Wild (outdoor) Life.

A tear-off, pre-addressed card (use Mrs. Kirsten Meacham) must be returned by those intending to take the tours so arrangements can be completed.
