A great day for sightseeing is in store for you. Begin with a picturesque drive along Shuswap Lake and continue into the mountains of Revelstoke National Park. Then it is on to Glacier National Park and the awesome Selkirk Mountains. A stop is made at Rogers Pass before entering the world-famous national parks of the Canadian Rockies. Visit Yoho National Park and continue on to Kicking Horse Pass. You then cross the Continental Divide before arriving at your palatial hotel, the Fairmont Chateau Lake Louise, overlooking the emerald waters of Lake Louise, and Victoria Glacier. (B, D)

Retrace your route along the Icefields Parkway which results in brand new vistas that you may have missed on your way north. A special event is planned as you take a ride across the Columbia Icefields (weather permitting), a mass of glacial ice over 1,000 feet thick! After this thrilling experience, you continue on to one of Canada's most spectacular towns, Banff, the garden spot of Alberta. (B, D)
