5 States of Innovating

States, Fears and Faith Patterns for Innovating

State	<i>Fear of...</i>	<i>Faith Pattern (Act & Being)</i>
Discover	<i>...unlearning</i>	<i>Awe & Wonder</i>
Invent	<i>...rejection</i>	<i>Inspiration & Appreciation</i>
Reduce-to-Practice	<i>...failure</i>	<i>Forgiveness & Persistence</i>
Introduce	<i>...loss</i>	<i>Submission & Humility</i>
Integrate	<i>...success</i>	<i>Acceptance & Gratitude</i>

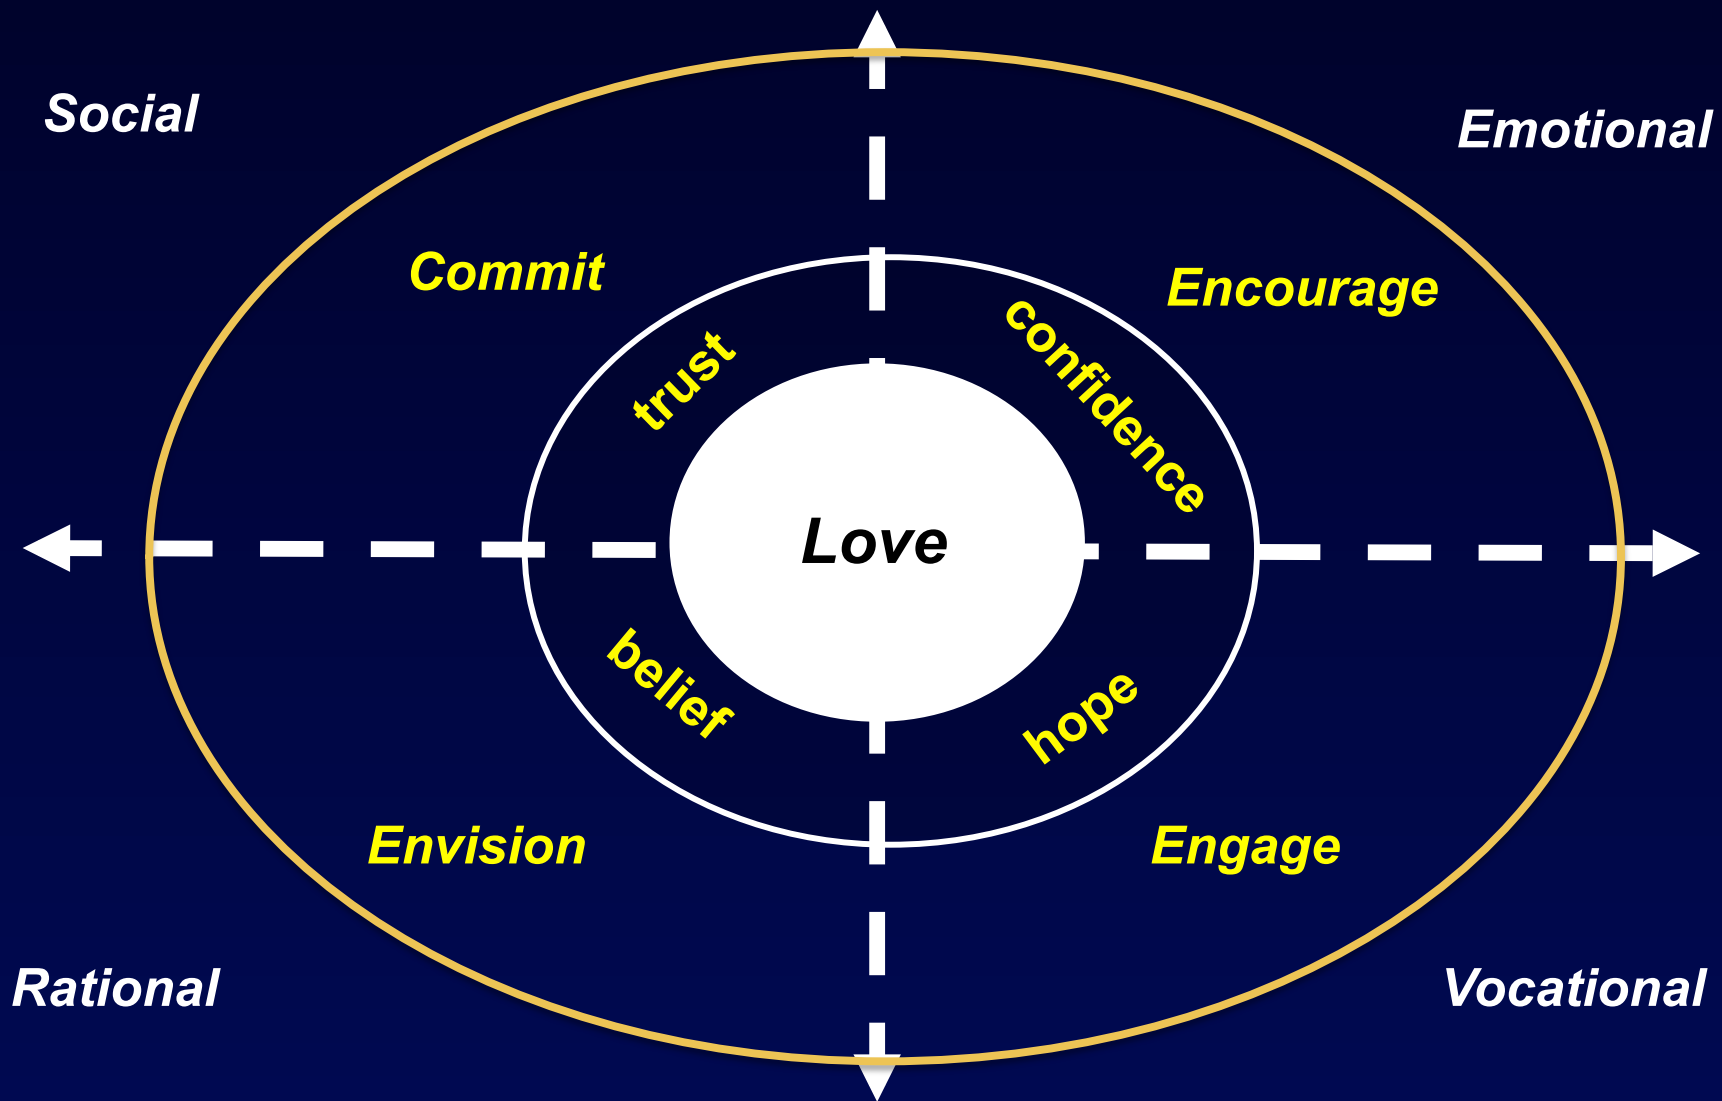

Faith as Believing

**As physical systems
have potential energy,
and as humans are
physical systems, then
might the potential energy
of humans be their
faith?**

William Rankine, 1820-1872,
coined the phrase "potential energy"

Model of Faith (believing)

Awe & Wonder Faith Pattern

- *turn aside to look*
- *ask “why?”*
- *hear the call*
- *discover the need*

(extracted from Exodus 3.1-5)
