## Manuscript Guidelines

The pages of *Perspectives on Science and Christian Faith (PSCF)* are open to original, unpublished contributions that interact with science and Christian faith in a manner consistent with scientific and theological integrity. A brief description of standards for publication in *PSCF* can be found in the lead editorial of the December 2021 issue. This is available at [www.asa3.org](http://www.asa3.org) → PUBLICATIONS → *PSCF* Academic Journal. Published papers do not reflect any official position of the American Scientific Affiliation.

1. Submit all manuscripts to: **James C. Peterson, Editor, Roanoke College, 221 College Lane, Salem, VA 24153.** E-mail: [jpeterson@roanoke.edu](mailto:jpeterson@roanoke.edu). Submissions are typically acknowledged within 10 days of their receipt.
2. Authors must submit **an electronic copy of the manuscript formatted in Word** as an email attachment. Typically 2–3 anonymous reviewers critique each manuscript considered for publication.
3. Use endnotes for all references. Each note must have a unique number. Follow *The Chicago Manual of Style* (16th ed., sections 14.1 to 14.317).
4. While figures and diagrams may be embedded within the Word text file of the manuscript, authors are required to also send them as individual electronic files (JPG or PDF format). Figure captions should be provided as a list at the end of the manuscript text.

**ARTICLES** are major treatments of a particular subject relating science to a Christian position. Such papers should be at least 2,000 words but **not more than 8,000 words in length**, excluding endnotes. An abstract of 50–150 words and a list of 5–15 keywords are required and should be in both the text of the email submission and at the beginning of the attached essay.

**COMMUNICATIONS** are focused personal examples of how people are living out science and Christian faith. They have ranged from bringing computers to areas with no power, to being married to an experimental physicist, to an astronomer's sermon on the heavens telling the glory of God, to serving as president of a research university.

**BOOK REVIEWS** serve both to alert readers to new books that appear significant and to engage these books in critical interaction. When a subject area editor selects a book for review, the book is then offered to a scholar with the best match in expertise. ASA/CSCA members who would like to be considered as potential reviewers are welcome to express interest to **Stephen Contakes** ([scontakes@westmont.edu](mailto:scontakes@westmont.edu)) book review editor for inclusion in the reviewer database. Publishers may also contact the book review editor if they are not sure which subject area reviewer would best consider a particular book.

- **Chris Barrigar** ([cjbarrigar@sympatico.ca](mailto:cjbarrigar@sympatico.ca)): philosophy and theology.
- **Arie Leegwater** ([leeg@calvin.edu](mailto:leeg@calvin.edu)): cosmology, history of science, mathematics, and physical sciences.
- **Derek Schuurman** ([dschuurman@calvin.edu](mailto:dschuurman@calvin.edu)): computers, engineering, and technology.
- **Sara Sybesma Tolsma** ([stolsma@nwciowa.edu](mailto:stolsma@nwciowa.edu)): biology, environment, genetics, and origins.

The viewpoints expressed in the books reviewed, and in the reviews themselves, are those of the authors and reviewers respectively, and do not reflect an official position of the ASA.

**LETTERS** to the Editor concerning *PSCF* content may be published unless marked not for publication. Letters submitted for publication **must not be longer than 700 words** and will be subject to editorial review. To be as timely as the medium of Letters to the Editor is intended to be, letters are to be submitted electronically as closely as possible after the publication date of what they reply to.

**ADVERTISING** is accepted in *PSCF*, subject to editorial approval. Please address inquiries for rates or further information to the Managing Editor. The ASA cannot take responsibility for any orders placed with advertisers in *PSCF* and does not imply endorsement by carrying the ad.

**AUTHORIZATION TO PHOTOCOPY MATERIAL** for internal, personal, or educational classroom use, or the internal or personal use of specific clients, is granted by ASA, ISSN: 0892-2675, provided that the appropriate fee is paid directly to Copyright Clearance Center (CCC), 222 Rosewood Drive, Danvers, MA 01923 USA for conventional use, or check CCC online at the following address: [www.copyright.com/](http://www.copyright.com/). No registration with CCC is needed: simply identify the article being copied, the number of copies, and the journal title (*Perspectives on Science and Christian Faith*). For those who wish to request permission for other kinds of copying or reprinting, kindly write to the Managing Editor.
