Faith as Believing

As physical systems have potential energy, and as humans are physical systems, then might the potential energy of humans be their faith?

William Rankine, 1820-1872, coined the phrase “potential energy”
Model of Faith (believing)

- Social
- Emotional
- Commit
- Encourage
- Envision
- Engage
- Love
- Trust
- Confidence
- Hope
- Belief

Vincent & Associates, Ltd.
Awe & Wonder Faith Pattern

- turn aside to look
- ask “why?”
- hear the call
- discover the need

(extracted from Exodus 3.1-5)
