

2011 ASA Meetings
Naperville/Wheaton Area

Science-Faith Synergy – Glorifying
God and Serving Humanity

At North Central College
Cosponsored by Wheaton College
July 29-Aug. 1

Science-Faith Synergy – Glorifying God and Serving Humanity

Proverbs 4:7 - Wisdom is supreme; therefore
get wisdom. Though it cost all you have, get
understanding.

Confirmed Plenary Speakers

Gareth Jones - Professor of Anatomy and Structural Biology at the University of Otago, New Zealand, and Director of the Bioethics Centre at the Dunedin School of Medicine at Otago. He was the Deputy Vice-Chancellor at the University of Otago from 2004 through 2009. In 2004 he was made a Companion of the New Zealand Order of Merit for his contributions to science and education.

Confirmed Plenary Speakers

William Hurlbut is a physician and Consulting Professor at the Neuroscience Institute of Stanford University. After completing his MD degree, Dr. Hurlbut completed a three year Postdoctoral Fellowship in Theology and Medical Ethics. From 2002 until 2009 he served on the President's Council on Bioethics.

Confirmed Plenary Speakers

Steven Bouma-Prediger is the Chair of the Religion Department at Hope College, where he also serves as the Director of the Environmental Studies Program. He has graduate degrees in philosophy, theology and religious studies. The majority of his writing focuses on matters related to ecology and the environment. Among other works, he has authored the book *For the Beauty of the Earth* that won an "Award of Merit" from Christianity Today.
